Setup/Show Rules and Regulations
Food and Beverage Service Rules and Regulations

SETUP/SHOW RULES AND REGULATIONS

The following Setup/Show Rules and Regulations are a binding part of the Contract Agreement. It is imperative that exhibitor representatives working in the booth are notified of these rules and regulations, as well as the general information affecting the operation of the exhibits.

Exhibitor Wristbands

In order to streamline the exhibitor check-in process, we will provide each exhibiting company an allotment of daily wristbands. Each show day will have a corresponding wristband that must be worn to access show grounds. The exhibitor wristbands are meant for employees working the booth only. Please see the Sponsorship Guide for discounted attendee tickets to pass out to your customers.

The allotment is based on booth size:

Indoor Booths*	10' wide x 10' deep	4 wristbands per day
	10' wide x 20' deep	6 wristbands per day
	10' wide x 30' deep	8 wristbands per day
	20' wide x 20' deep	10 wristbands per day
	20' wide x 30' deep	10 wristbands per day
Outdoor Booths	25' wide x 50' deep	5 wristbands per day
	50' wide x 50' deep	6 wristbands per day
	50' wide x 75' deep	7 wristbands per day
Seed Plot & Lot	60' x 120' plot	14 wristbands per day

*Each additional 10' x 10' booth, or 100 sq. ft., will receive 2 additional wristbands per day. Maximum number of wristbands per day is 10.

Pick-up Options

Wristbands can be picked up at the show office during move-in or at Exhibitor Check-in, located at the east gate entrance, on show days. There are two methods for retrieving your wristbands:

1. A booth representative can sign out the entire allotment of wristbands. NOTE: If a representative takes all of your company's wristbands, **they are responsible for the daily distributions. Exhibit Staff will not be let into the show to retrieve their wristband if they are in the booth** with the representative who picked up the allotment at once. To avoid waiting in lines, you may request to have your company's wristbands mailed in advance. Please email IDEAg@IDEAgGroup.com with your request and mailing information.
2. Booth staff can individually sign out their wristbands.

If you need more wristbands than allotted, additional wristbands can be purchased for \$6 each (includes SD 4.5% sales tax). To order additional wristbands beforehand, please fill out the form on [page 28](#) and email it to IDEAg@IDEAgGroup.com. **Deadline: AUGUST 5.**

There are no refunds on wristbands.

Inbound Shipping

Shipments can arrive on show site beginning Monday, August 10. Shipments arriving before this date will be refused. To ensure your material arrives to your booth, please label your shipment properly.

This address does not receive mail delivered by USPS. It must be UPS or FedEx.

Types of Services and Charges

(All fees listed below include the SD sales tax.)

- A \$104.50 fee per exhibitor lot will be assessed for forklifting service if ordered and paid for on or before **Wednesday, August 5, 2026**.
- A \$156.75 fee per exhibitor lot will be assessed for forklifting service if ordered after August 5. No services will be provided until payment has been collected.
- A \$52.25 fee per exhibitor will be assessed for package delivery service (package(s) delivered to the on-site receiving area that require a utility vehicle to deliver items to the exhibitor's booth). If an exhibitor does not want to pay for this service, they will need to pick up their shipment from the receiving area. Please contact the show site office for instructions where you can pickup your package(s).
- If you require hydraulics, please make arrangements with Show Management. Exhibitors using the hydraulics will be required to replenish the hydraulic fluid. The same fee structure for forklifting applies to hydraulics.
- Forklift fees are a one-time charge for move-in and move-out services.

Procedure

- Exhibitors requiring forklift or delivery service must submit the forklift form to IDEAg via email (with credit card info) or via mail (with check) by **Wednesday, August 5** for priority service.
- When the exhibitor's truck arrives on site and is ready to be unloaded, the exhibitor or driver will need to notify the show office that they are ready to unload. You can do so by calling the Dakotafest on-site show office, 605-995-1058. Pre-ordered exhibitors will be given priority. No appointments will be taken.
- The truck driver must know what lot/booth number the delivery goes to.
- Forklift service is limited to 30 minutes at a time per company. A company will be assigned the next available 30-minute time slot if forklift services cannot be completed in 30 minutes.
- For safety reasons, requests to use forklifts to raise people up for assembling or dismantling of displays will not be granted. Show management will supply a list of man-lift rental companies if needed.
- Forklifts are not permitted to enter or drive onto trucks. The trucking company or exhibitor is responsible for getting items in position so the forklift can lift the item from the ground or loading dock.
- Exhibitors and truck drivers are responsible for loading and unloading self-propelled vehicles. Show staff are not permitted to assist with the loading or unloading of self-propelled vehicles. Please make arrangements prior to arrival.

Please direct questions to one of our Operations Managers: Taylor Anderson, Taylor.Anderson@IDEAgGroup.com, 651-316-4373; or Megan Asleson, Megan.Asleson@IDEAgGroup.com, 651-316-4372.

Loading Dock

A loading dock is available for exhibitors to use for unloading and loading trucks. The multiple height dock is located on the west side of the exhibit site between exhibitor parking and long-term trailer parking, and can be accessed directly from Spruce Street. See map on [page 10](#) for loading dock location.

Please note: The area south of the loading dock is prone to flooding if rain occurs. Show management asks that you not stage equipment in this area. Instead, please move it to your display lot as soon as possible. Also, after the show closes, please leave equipment in your display lot until your truck arrives to remove it. We have encountered trucks and equipment getting stuck in this area in the past. The show site office phone number will be posted at the loading dock so your driver can get information on your display lot location to park your equipment or where to find it when loading out. No long-term trailer parking is allowed by the loading dock or in the exhibitor parking area.

Third-Party Vendors

If you are using a vendor other than the official vendors listed in this exhibitor manual, you must notify Show Management with their company name, work being done, dates of work being done, as well as their Proof of Insurance before they will be allowed to provide any services at Dakotafest. If you have any questions regarding this, please contact our operations team at 800-827-8007. If you do not notify Show Management, your third-party vendor is at jeopardy of not being allowed to enter the show grounds.

On-site/During Show Material Handling

Show Management will provide a complimentary crew to assist moving sold material out of show grounds and/or bringing material into show grounds during show hours.* Exhibitors wishing to utilize this service should come to the show office on Main and 4th Streets. The crew will meet you at your booth or at the loading area located at the southeast corner of the show, at the far end of 1st Street—see the map on [page 7](#) for the specific location. Please allow 15 minutes for service.

*Material requiring forklift service will only be moved during non-show hours.

Lot Location

See the floor plan on [page 7](#) or online at Dakotafest.com for lot location. Show Management, at its sole discretion, reserves the right to relocate exhibits from year to year. Exhibitors who participated in Dakotafest the prior year will have selection priority, and consideration will be given if lot improvements have been made. Lot locations may be changed at any time if Show Management considers it to be in the best interest of Dakotafest.

10' x 10' Booth Equipment

Each 10' x 10' booth in the ag tents will include an 8' high blue back drape, 3' high blue side dividers, an identification sign, and electricity. Refer to the Electrical Requirements section on [page 20](#) for further setup information.

10' x 10' Booth Setup Rules

- All displays must fit within the confines of your assigned booth space.
- Display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8' is allowed within the back 5' of the booth, with a 4' height restriction imposed on all materials in the remaining space forward to the aisle.

A substantial amount of condensation can occur overnight. You are encouraged to cover moisture sensitive materials with plastic at night.

General Setup Rules and Regulations

All exhibitors must adhere to following booth setup rules and regulations:

- Equipment must be facing toward the street with enough room in-between pieces to allow attendees to walk around and view equipment from all sides.
- Exhibits that include the operations of audio-visual equipment may not operate the equipment in a manner that will disturb other exhibitors. Speakers and sound devices should be positioned to direct sound into the booth and not into the aisle.
- Flashing signs permitted with Show Management approval.
- Exhibitors should conduct sales presentations and product demonstrations in a manner which assures all exhibitor personnel and attendees are within the contracted exhibit space and not encroaching on the aisle or neighboring exhibits.
- Distribution of any literature or promotional item must remain within the confines of the exhibition booth unless written consent is received by Show Management.
- No exhibitor shall assign, sublet, or apportion the whole or any part of the space allocated without prior knowledge and consent in writing from Show Management.

Additional Show Rules

- Any configuration not approved by Show Management will be subject to reconfiguration on site. Show Management reserves the right to change the configuration of any display it deems necessary or it deems is in the best interest of the show. If hired labor is used to reconfigure your display, charges for this labor will be billed to the exhibitor.
- Show Management reserves the right to remove any exhibitor's representative who performs any act or practice, which is annoying or objectionable or, in the sole judgment of Show Management, detracts from the dignity of an individual, exhibitor or the sanctity of the show.
- Exhibit space not claimed and occupied by 5:00 p.m., Monday, August 17, may be canceled or reassigned without refund. If the exhibit is on hand, Show Management reserves the right to assign labor and set up any display that is not in the process of being erected by 8:30 a.m., Tuesday, August 18. Charges for this labor will be billed to the exhibitor.
- Exhibitors caught breaking down their exhibit prior to the official show close are at risk of forfeiting their booth location for next year's show.
- No firearms will be allowed on show grounds.

Any disagreements regarding the above guidelines will be dealt with at the sole discretion of Show Management.

Vehicle Passes and Parking

For the protection of the attendees, your fellow exhibitors, show staff, and planned events, we will be enforcing the show grounds parking/vehicle passes this year. Exhibitors with an outdoor lot may receive vehicle parking pass(es) based on the square footage of your rented booth space outlined in the grid listed below.

- Parking passes allow exhibit staff to enter the exhibit area before **8:30 a.m. sharp** on show days to drop off exhibit materials at their lot. The show gates will close at 8:30 a.m. on show days; vehicle entry and exit will not be permitted until the gates re-open at show close. Vehicles without parking passes must be off the show grounds by 8:30 a.m. on show days.
- Vehicles that have an approved parking pass must display it at all times during show hours. Vehicles parked on show grounds with a displayed parking pass will not be allowed to move during show hours, and vehicles will **NOT** be permitted to exit the show grounds prior to exit the show grounds prior to the show closes each day.
- Any vehicle found parked on a show site street/aisle, in another exhibitor's lot, or without a parking pass will be towed at the owner's expense.
- Vehicle passes at exhibitor check-in. Exhibitors will only be allowed to sign out up to the number of parking passes allotted for their lot.

Outdoor Lots and Parking Passes

1,250–2,500 sq. ft.	1 parking pass
2,501–5,000 sq. ft.	2 parking passes
5,001–7,500 sq. ft.	3 parking passes
7,500+ sq. ft.	4 parking passes

Move-Out Procedures

Exhibitors that are in the Ag Tents must be moved out by end of the day on Thursday, August 20. See the 10' x10' Booth Move-Out Rules and Outbound Shipping section on [page 18](#) for instructions on how to move out and handle freight at show close.

All equipment and displays must be removed by **Tuesday, August 25, 2026**. If any exhibit cannot be removed by that date, special arrangements must be made with Show Management prior to August 20. Storage and removal charges will be the sole responsibility of the exhibitor if equipment and displays are left at the show site after Tuesday, August 25.

Please direct questions to one of our Operations Managers: Taylor Anderson, Taylor.Anderson@IDEAGroup.com, 651-316-4373; or Megan Asleson, Megan.Asleson@IDEAGroup.com, 651-316-4372.

How to Reserve Your Forklift for Move-Out

- Priority move-out will be given to exhibitors who submit the forklift form and payment by **Wednesday, August 5, 2026**. You will be put on the list as the form is received. Complete and return [page 27](#) to sign up for forklifting services.
- Orders will be prioritized by the time stamp on emailed orders. Mailed forklift orders will be given a time stamp of 8:30 a.m. the day after they arrive at the IDEAg office.
- Exhibitors who require forklifting service during Thursday's move-out still need to stop at the show site office during the show to confirm. Show site staff will be available at the show office to take exhibitor requests beginning a half hour before show opening to a half hour after show closing.
- Exhibitors can request Thursday move-out forklifting during move-in if they know that they will need the service then.
- If an exhibitor requests Thursday move-out service and no longer needs assistance, they must inform the show office as a courtesy.
- If an exhibitor requests Thursday move-out forklifting and is not ready to load when the forklift comes to their lot, the forklift will move on to the next exhibitor and come back when the exhibitor is ready.

License for Vehicle and Trailer Dealers

South Dakota requires people who engage in the business of selling vehicles, whether exclusively or in addition to any other occupation, have a motor vehicle dealer license.

All businesses must become licensed with the Division of Motor Vehicles before any sales transactions may occur. Also, it is recommended that applicants contact the division prior to submitting a license application to make sure that the name you want to use for your business is not already in use.

The dealer form can be found here: <https://dorresources.sd.gov/f/1406>

If you have questions regarding the dealer license, please contact the South Dakota Department of Revenue.

Ride & Drive Demos

Select exhibitors will be able to conduct complimentary Ride & Drive demos within designated demo areas. If you are interested in demoing your product, please fill out the Ride & Drive form on [page 25](#). Ride & Drive demos will be listed in the show program if the form is turned in by **June 19, 2026** and is approved by Show Management. Electrical Requirements

If you have any questions about power usage, please call 800-827-8007.

Indoor Displays

Power usage is available to all exhibitors in the ag tents. Distribution boxes will be located in a central area behind your exhibit. It is the responsibility of each exhibitor to distribute power from the distribution box to your exhibit. Please note that some exhibitors may require a cord as long as 30'.

Outdoor Displays

Exhibitors who have contracted for electricity will be allowed to utilize a single 15 amp outlet. If you have not contracted for electricity, you can do so by calling your salesperson. Anyone using electricity that has not contracted for its use in advance will be assessed a fee of \$156.75. Exhibits requiring 220 volt or higher amperage contact our ops team at 800-827-8007. The orange boxes on the floor plan on [page 7](#) of this manual indicate distribution boxes. Please refer to the floor plan to make sure your lot is within reasonable distance from a distribution box.

Exhibit space is subject to dust, rain, wind, and other weather-related conditions. Exhibitors assume the risk of inclement weather when contracting for exhibit space. Show Management assumes no responsibility to protect exhibits from the prevailing weather conditions.

Cancellations

If payments are not made by the respective due dates, Show Management may elect to cancel and reassign exhibit space. If, in the sole judgment of Show Management, the rules and regulations of this Exhibitor Manual are not observed, Show Management may suspend your right to exhibit without refund.

No Animals Allowed

Animals, with the exception of ADA approved service dogs, are not allowed within the fenced exhibit grounds. This does not apply to livestock provided for demonstrations, which must be pre-approved by Show Management. ADA dog must be harnessed or leashed unless doing so interferes with the duty of the dog.
